Over the Alps to Milford Sound ...on the world's best scenic flight

The flight from Queenstown to Milford is an unforgettable insight into the natural world at its unspoilt best.

Take off from Queenstown to fly above the jagged, sunburned hills of Skippers Canyon, then westward to where the great glacial fed rivers empty into Lake Wakatipu. Here green pastures reach into vast beech forests where turquoise waterfalls tumble from hidden, secret lakes.

As your plane climbs into the very heart of the mountains, rank upon rank of snow tipped peaks stretch out in all directions. On the horizon lie the Tasman Sea and Mitre Peak, guardian of Milford Sound.
